ALL EUROPE DEFIED.

The Sultan of Turkey Answers the Powers.

ACQUITS FOUL MURDERERS.

He Sets Ocular Testimony of the Ambassadors at Naught and Plays on Their Jealousy—He Still Believes the Powers Will Not Quite to Dethrone Him—Further Massacres Threaten.

CONSTANTINOPLE, Sept. 14.—There is no doubt that a crisis has been reached and that the powers are discussing the deposition of the sultan as apparently the only means of restoring quiet and confidence within the Turkish empire. A British fleet of about 15 warships is at anchor off Kavala on the island of Thasos and within easy striking distance should an emergency arise, and it is believed Great Britain will not hesitate to act alone in the matter of putting an end to the present disgraceful state of affairs if the other powers delay too long.

As expected, the extraordinary tribunal, trying the men accused of massacring Armenians in the streets of this city and its suburbs, has turned out to be nothing more than a white-washing court. The men who were arrested for brutally killing two Armenians before the guard house of the British embassy and in full view of several British officials have been acquitted. The Europeans feel that this shows that the peaceable residents of Constantinople are absolutely without any guarantee that their lives or property are safe, and that they must henceforth depend entirely upon the warships of the powers for protection. Business is at a standstill.

Many more officers have been arrested for claiming their pay, and for resigning their commissions when informed that there was no money for them. The common soldiery are feeling still more irritated. But, there is plenty of money and provisions for the strong body guard of the sultan, and for the troops which constantly surround the palace, and it is believed that this display of force alone saves the sultan from witnessing a demonstration which would surely open his eyes to the disgraceful state of affairs existing.

The full text of the note which the representatives of the powers sent to the sultan on Aug. 31, has only just been communicated to the press. It says that the remonstrance is based on positive data. It adds that the savage bands which murderously attacked the Armenians and pillaged their houses were not accidental gatherings of fanatical people. That there is every indication of their special organization, and they were known to, if not directed by, the authorities. The note of the powers then, under seven specific clauses, gives evidence in support of this, and concludes with a demand that the instigators and principal actors in the tragedies be punished with the utmost rigor.

In the face of this the acquittal of the men who murdered two Armenians in front of the guard house of the British embassy is all the more significant, and demands further action upon the part of the powers.

The Turkish government Friday answered the note of the powers in a long communication. The ministry, in trying to refute the charges made, practically denied the ocular testimony of the representatives of the powers. This is regarded as tantamount to a defiance of Europe.

As usual, the porte is relying upon the jealousies existing among the six powers to save the sultan once more, and as Abdul Hamed has so frequently escaped punishment during the course of his long and troubled reign, it has grounds for believing that even now Europe will not put an end to the disgraceful conditions prevailing in the Turkish empire.

News from Armenia shows that a very serious condition prevails there, and that further massacres are anticipated. It is true that the sultan has caused all the governors to be notified that they will be held responsible if outbreaks involving the destruction of property and the loss of life occur. But such warnings have frequently been issued in the past and they seem to have served more to create disorder than to suppress it, as would seem to be the case in the present instance, for, while warning the governors, as already stated, the soldiers have been notified that they are authorized to use their arms in self-defense if they are attacked.

Thus the Armenians and others look upon these orders of the Turkish government as little less than a notification to the provincial authorities that they are to take the most vigorous measures in suppressing the Armenians if the latter take any part in any demonstrations, and those who know the Turks are well aware that the latter can provoke such demonstrations at the shortest possible notice.

The representatives of the powers met again Saturday and discussed the situation, but it is not known that they came to any decision, although communications with their respective governments are being constantly exchanged.

The inaction of the embassies continues to be sharply criticised here, and radical measures are demanded in order to prevent a renewal of the disorders. Unless such steps are taken it is believed that it will not be long before there is another outbreak here, in spite of the fact that the streets of the sultan's capital are hardly dry with the blood of the thousands of unfortunate people who were victims of the massacre of two weeks ago.

The Sultan Probably Insane.

LONDON, Sept. 14.—Mrs. Emily Crawford, writing in The Sunday Times, says:

"A friend who has been admitted to Yildiz palace for professional reasons says that the sultan ought to be deposed in his own interests and that if he is not, he will be murdered by the jealous palace minions. He never sleeps in the same bed for two nights running. He believes that emissaries are in the building and his Camarilla maintain the delusion. It becomes a grave question whether he is not insane like his brother Murad, the deposed sultan, in which case the Shik-ul-Islam has the power to depose him."

Wholesale Massacre Planned.

LONDON, Sept. 14.—A dispatch from Constantinople published here asserts that a wholesale massacre of Christians is planned to occur there within a fortnight and that Armenians have been deported from there on board ships, and have been drowned in batches, being shot through specially constructed chutes.

Commanders Changed.

LONDON, Sept. 14.—Vice Admiral Sir John Commanney Hopkins, K. C. B., has been appointed to succeed Sir Michael Culme-Seymour, K. C. B., as commander in chief of the Mediterranean station.

EX-SENATOR PAYNE BURIED.

Hundreds Viewed the Body After a Short Service at the Residence.

CLEVELAND, Sept. 14.—The funeral of the late Senator Henry B. Payne was held Saturday afternoon, at 2 o'clock, at the family residence, on Euclid avenue, opposite Perry street. Deana Williams of Trinity Cathedral Episcopal church officiated. The services were brief, as the family desired that all those attending should have plenty of time to view the body, and many hundreds took advantage of the opportunity to do so.

Among those present were Harry Payne Whitney and his bride, neo Gertrude Vanderbilt; Mr. Almeric Paget and ex-Secretary of the Navy Whitney. Mrs. Almeric Paget was not able to attend, owing to illness. The honorary pallbearers were: Judge Stephenson Burke, ex-Chief Justice Franklin J. Dickman, L. E. Holden, John Todd, Major W. W. Armstrong, William Chisholm, Fayette Brown and P. H. Babcock.

The active pallbearers were: Henry Corning, William Braxton, Charles Otis, Jr., Dudley Baldwin, Benjamin Crowell, Perry Harvey, Harry Edwards and F. S. Jordan.

The funeral cortege moved direct to Lake View cemetery, where the interment was made in the family vault.

AN ACTOR'S FUNERAL.

The Remains of the Late James Lewis Laid to Rest.

NEW YORK, Sept. 14.—The church of The Transfiguration, better known as "The Little Church Around the Corner" was thronged yesterday afternoon with the friends of the late veteran actor James Lewis who died on Thursday at West Hampton.

The funeral services were conducted by the Rev. George H. Houghton, the rector of the church, who was assisted by the Rev. W. R. Scott. Among those present were: James H. Breslin, C. W. Coudock, Frank Evans, Hubert Wilkie, George Faucett, Miss Bertha Haswell, Mrs. Richard Downey, S. Miller Kent, Billy Burch, Judge and Mrs. C. P. Daly, Everett Johnson Weldell, Francis Carlyle, Lewis Baker, Eugene Boles. The pall bearers were: Augustin Daly, George Clarke, Sol Smith Russell, Dr. Holbrook Curtis, Henry Miller, John Shoeffel, John Drew and Henry E. Abbey.

The music was simple in its character and was rendered by the orchestra from Daly's theater.

The interment was at Woodlawn cemetery.

FRAUDULENTLY USED THE MAILS.

An Ohio Man Loses Forty Dollars and Makes a Complaint.

NEWBURG, N. Y., Sept. 14.—Mrs. Anna Grossner, a Swedish woman of 30, who has a husband and six children, was arrested in this city Saturday night on a warrant charging her with using the United States mails unlawfully. The warrant was obtained by Postoffice Inspector Mc Dureya on complaint of William A. Silcott of Mount Vernon, O. Mrs. Grossner is alleged to have advertised in a matrimonial paper that her husband had died and left her a fortune, but that the estate was not settled up. She wanted the assistance of a wealthy gentleman, and stated that she would go to his home for an interview if money to pay her fare was sent her.

It is alleged that she obtained \$40 from Silcott in this manner. Mrs. Grossner's husband left here Saturday morning for Toronto and the family were to follow. Mrs. Grossner and her baby are in jail and the other five children are at the children's home. The woman will be given an examination by Recorder Hyndmann.

Train Dropped Through a Bridge.

ECHEMS, Cal., Sept. 14.—A train on the Mad River and Arcata road, went through the Mad river bridge yesterday. Six cars loaded with passengers dropped 30 feet into the dry bed of the river. Four persons were killed and 10 others injured. The names of the dead are: Annie Holl, Sandy Cameron, Miss Kirk and an unknown child. The accident was caused by the giving way of a span of the bridge over which the train was passing.

CAPTURED AT LAST.

Tynan, England's Notorious "Number One" Arrested.

CHASED FOR FOURTEEN YEARS.

An English Detective Rans Him Down at Boulogne, Italy. He Acknowledged His Identity and Will Be Taken to England as Soon as Extradition Papers Can Be Secured.

BOULOGNE, Sept. 14.—Tynan, the notorious "Number one," has been arrested here on a Scotland Yard warrant, which was issued in 1882. Tynan arrived in Europe by landing in Genoa in August. He proceeded from there to Paris, where he remained for some days consorting with a number of the members of the dynamite faction of the Irish party. He had been traveling under the name of George Gordon and other aliases, when he arrived in Boulogne on Friday evening and put up at the Hotel Folkestone, where he did not hesitate to expound his Fenian views in the bar of the hotel.

His movements had been watched from the time he had arrived in French territory. The local commissary of police, together with an English detective, burst into his room at 4 o'clock in the morning. The detective held a loaded revolver to his head and threatened to shoot him if he resisted. Tynan was secured and admitted his identity. Incriminating papers and a large sum of money were found in his possession.

The prisoner was lodged in a cell in the Boulogne police station and he will be arraigned with a view to his extradition to England.

The warrants on which the arrest is made charges that the prisoner was concerned in the murder of Lord Frederick Cavendish, chief secretary, and Mr. Burke, under secretary, in Phoenix park, adjoining the Vice Regal lodge in Dublin, on May 6, 1882, and with the manufacture of dynamite bombs for use in England.

Detective Inspector Walsh has arrived here from Scotland Yard to conduct the case. He said that there would be some connection between Tynan's arrest and the arrest of a man named Bell Saturday at Glasgow and of J. Wallace at Rotterdam.

FURTHER PARTICULARS.

Tynan Had but Recently Been in the United States.

LONDON, Sept. 14.—The Bell mentioned in a dispatch from Boulogne to the Associated Press as having been arrested on Saturday at Glasgow in connection with Tynan's arrest in Boulogne, is charged with being concerned in a dynamite outrage. Bell's age is about 30. His first name is Edward. He arrived from the United States early in the week. He is believed to be an American.

A dispatch from Boulogne to The Times says: "Tynan was in company with Bell in Paris and it was expected that both would cross to England, but Tynan appears to have hesitated to venture on such a perilous trip. Bell went to England a few days ago."

"Tynan had not suspected that his identity was known and he was astounded at the entry of the detective, commissary and four officers. Tynan had shaved his beard. He seems to be depressed over his capture."

Preparing For Further Operations.

LONDON, Sept. 14.—The Standard has an editorial based on a dispatch from its correspondent at Boulogne in which it expresses the belief that Tynan, when arrested was preparing for further dynamite operations in England.

SEARCH GIVEN UP.

The Revolver That Killed Bessie Little Still Undiscovered.

DAYTON, O., Sept. 14.—After two days of patient search in the bottom of the Stillwater river, Diver Ben Graham's efforts to recover the missing revolver with which Bessie Little was shot have been unsuccessful. Frantz, in leading the police to believe that the revolver went over the bridge into the water at the same point the girl's body did, was either purposely misleading them or was too much excited at the time to recollect definitely what he did with it.

A diver named Pate, from Toledo, has also been at work, yet the work of the two men and that of the magnets have failed to recover the weapon.

The vault at the Frantz residence was emptied and searched by scavengers, but no trace of the revolver was found there.

It is said that Frantz was engaged to a young lady who is eminently respectable, and that they were to have been married shortly. The young lady is prostrated by the predicament Frantz is now in. His contemplated marriage may have been a motive for getting rid of Miss Little. Chief Farrell says that he can convict the prisoner upon the evidence he now has.

Frantz is visited frequently by members of his family, his sister being particularly devoted to him, making numerous calls and inquiries as to his comfort. He remains in the same mood, devoting much of his time to the study of a Testament brought to him immediately after his confinement.

RACE WAR IN GEORGIA.

A Negro Shot by a White Man, but No Further Bloodshed.

BLYTHER, Ga., Sept. 14.—On Saturday night, at this place, 22 miles from Augusta, Ga., A. M. Clarke, a mer-

chant, shot a negro named Steve Roland. The latter was using profane language in the presence of ladies. Clarke asked him to desist, but Roland continued his profanity and began to curse and abuse Clarke.

The negro had an ax in his hand and Mr. Clarke thinking that he had better arm himself went to his house for his shotgun, and when he returned the quarrel was renewed, Roland holding his ax in a threatening manner. They started toward each other and Clarke opened fire on the negro, firing three times and wounding him in the arm and body, but not dangerously. The population of the place is about 200, the majority of whom are negroes. They became greatly incensed at the shooting and threatened to burn the buildings of the whites.

The negroes gathered in large numbers in the town with shotguns and pistols, and the whites, fearing they would carry out their threats, telegraphed to the judge and sheriff of the county to send assistance at once. A special train was dispatched with 12 reliable men, accompanied by the sheriff and his deputies. When the train arrived at Blythe, the colored people dispersed at once. The sheriff and his men are now hunting the ringleaders, but it is hardly probable they will be successful as they are hiding.

Clarke has been put under arrest and will be taken to Augusta for preliminary trial.

The women and children are very much frightened but it is believed that since the arrival of the sheriff and posse that the negroes are too scared to attempt to carry out their threats after the officers leave.

GIGANTIC ROBBERY.

Two Sets of Books Found in Union National Bank at New Orleans.

NEW ORLEANS, Sept. 14.—Louis Colomb, one of the two individual bookkeepers of the Union National bank who were charged with embezzling over half a million in cash took a dose of morphine and died a few hours afterward from its effects.

The investigation into the affairs of the bank promises to reveal one of the most gigantic steals of the age. The thefts have evidently been carried on for several years, and the scheme was very adroitly worked so as to prevent discovery by the bank officials. In order to carry it out there had to be two sets of books kept, and there was collusion inside and outside the bank.

If theories are correct, the bookkeeper would make fictitious records of sums deposited to the credit of some outsider. When that outsider desired money he would present his check, and when his check was referred to the bookkeepers by bank officials with a request for information as to whether there was money on hand to cover it, the reply would be in the affirmative. A second set of books was necessary in order to cover up the crime. The defalcation will reach nearly \$600,000.

It is said that both Leefe and Colomb speculated heavily in cotton futures. Colomb, although only receiving a salary of \$1,500 per annum, lived in a handsome house on Seventh street, which was magnificently furnished.

It is thought the outside confederates of the crooked bookkeepers got the bulk of the stealings and the federal authorities are now engaged trying to find who these parties are.

TO DRAIN KANKAKEE VALLEY.

Committee Appointed to Engage Engineers and Get Work Started.

VALPARAISO, Ind., Sept. 14.—About 400 landowners and farmers met at Hanna Saturday to discuss the long-vexed question of draining the Kankakee valley. A board of directors was elected consisting of James Gilchrist, Knox; Charles Holmes, Walkerton; James Long, Lacon; A. E. Stowell, Wilders; Edgar Achilling, Walkerton; Charles Donaldson, Hamlet; D. W. Place, South Bend.

This committee is expected to engage a civil engineer to make surveys and to commence this long-deferred work. The owners or agents of this land were well represented from other states. A large portion of this land is covered with water a considerable part of the year, and on account of the slight fall of the river it seems almost impossible to effect any good results. The plan adopted will cost the seven counties in northwest Indiana over \$1,000,000.

HISTORIES NOT REVISED.

Indiana School Trustees Call in Objectionable Books.

INDIANAPOLIS, Sept. 14.—Saturday afternoon the state board of education held a meeting and caught up short the school book firm of Ginn & Company. The board made a contract with this firm to furnish the schools of the state with histories, the firm agreeing to make a large number of changes demanded by the Grand Army.

The school trustees discovered that the publishers had left out a good deal of the agreed matter in their revision. Thomas T. Ballard of Chicago, the firm's representative, promised that the books should be revised and those already sent out called in. The board advised all school officers that they must not receive the histories until advised by the board.

HALIFAX, N. S., Sept. 14.—Henry Warford, and his four sons, of Green Bay, N. F., were drowned in the Straits of Belle Isle while on their way home in a small schooner from a fishing cruise. Henry Turner and his 14-year-old son were with them. The former was bruised so badly that he will die and the boy's leg was broken.

MASSACRE OF CUBANS

Another Outrage Perpetrated by Spanish Soldiers.

INNOCENT PEOPLE SHOT DOWN.

Eighteen Men and Four Women Killed Outright and Thirteen Others, Including Three Children, Were Wounded General Weyler Having Leading Citizens of Havana Arrested by Wholesale.

KEY WEST, Sept. 14.—Advices from Havana by the steamer Mascott give details of a massacre of Cubans in Matanzas province by Spaniards under General Molinas. The butchery occurred on Cana's sugar estate.

Molinas heard an insurgent band was camped on the estate and ordered a raid. The insurgents had gone when the Spaniards arrived, and Molinas ordered the buildings on the estate destroyed. The Spaniards surrounded the homes of the employees, applied the torch and shot the Cubans as they rushed out. Eighteen men and four women were killed outright, while 13 others, including three children were wounded. Molinas was a pleased spectator of the massacre and reported it to Weyler as a "glorious victory."

Thursday insurgents raided and burned the town of San Francisco de Paula, a suburb of Havana. The Spanish garrison of 300 men surrendered, but were released after being disarmed. The smoke and flames were visible in Havana and caused great excitement.

Weyler seems to have completely lost his head. He is having leading citizens of Havana arrested by wholesale. Weyler says the men arrested have been plotting to have him recalled to Spain. The arrests have profoundly stirred Havana.

Why Filibusters Got Away.

MADRID, Sept. 14.—United States Minister Mr. Taylor has declared to the Spanish government that the United States is most favorably disposed toward Spain, but that owing to the extent of the United States' coast line she is unable to prevent the departure of filibusters for the island of Cuba.

Accused of Aiding Cuba.

WILMINGTON, Del., Sept. 14.—Captain Murphy of the steamship Lamada, was arrested Saturday by Marshal Lamm on the charge of organizing and setting on foot a military organization against the King of Spain, in Philadelphia last August. The captain was held in \$1,000 bail.

RESCUED JUST IN TIME.

The Fishing Schooner Silver Dart Lost, but the Crew Escape.

BOSTON, Sept. 14.—One of the disasters of the recent northeasterly gale which swept along this coast for 24 hours, was reported on the arrival here of the Gloucester fishing schooner Sigfried, Captain Alden Geel, from the South channel fishing grounds with a crew of 10 men of the Gloucester fishing schooner Silver Dart, Captain Alfred Spry, as passengers.

The Silver Dart was disabled a mile and a quarter north-northeast from Highland light, Cape Cod, when the Sigfried rescued the crew from the vessel, which was going ashore. When off Cape Cod the Silver Dart ran into a gale which blew out the foresail and the foremast and later snapped off the mainmast close to the deck. It was just at this time when the crew saw destruction for the vessel and death for themselves in the heavy sea that was running that the rescue came.

Abandoned Schooner Drifts Ashore.

HYANNIS, Mass., Sept. 14.—An abandoned schooner drifted ashore about 700 yards north of here at noon yesterday. The vessel was a two-masted one and is supposed to be the Gloucester fishing schooner Silver Dart, which left Provincetown Saturday morning. It was impossible to board the vessel at high water. The sea broke over her in great waves, and from present appearances she will be a total wreck.

WAR VESSELS ON THE LAKES.

England May Object to the New Revenue Cutter Just Launched.

CLEVELAND, Sept. 14.—It is probable that diplomatic complications will arise between the United States and Great Britain over the maintenance in the great lakes of the revenue cutter Walter Q. Gresham, which was launched here Saturday. Miss Ruth Hanna, daughter of Mr. Hanna, christened the boat.

British naval experts hold, after a careful examination of the plans of the Gresham, that her maintenance on the lakes would be a violation of the treaty entered into by the United States and Great Britain, whereby only one war vessel can be maintained on the lakes by each government.

It is known that the naval attaches of the British embassy at Washington have made a complete report to their government upon the vessel, in which they have classed it as a gunboat.

Should complaint be made the state department will respond by saying that the Gresham and the other two similar cutters which are to be built for service on the lakes are simply for revenue marine service, and for nothing else. The state department will also call the attention of the British government to the fact that England was first to adopt this novelty in the construction of revenue cutters, which were built two years ago for the Canadian revenue marine, and that in addition to the novelty of their armament, the Canadian vessels carry heavy steel rams.

GENERAL J. B. WEAVER says Iowa will go for Bryan by 30,000 majority.

NATIONAL COMMITTEEMAN GAHAN, of Illinois, holds \$27,000 to bet on Illinois going for Bryan. He can get no takers. Of course the silver craze is dying out.

They call that man a statesman whose ear is turned to catch the slightest pulsations of a pocketbook and denounce as a demagogue any one who dares to listen to the heartbeat of humanity.—William J. Bryan in House of Representatives.

Mr. BRYAN tells the people to study the issues of the campaign and vote as they think best. His opponents tell them to let the financiers and politicians do the thinking, and that all they are expected to do is to vote for McKinley or Palmer.

The laborers are with Bryan. Workmen of New York responding to a call issued by District Assembly No. 49, Knights of Labor, met in Cooper Union Saturday night, and passed resolutions denouncing Powderly as a Judas and a traitor to the cause of labor, for his speech the other night. The resolutions also attacked M. A. Hanna and praised William J. Bryan.

The presidents of insurance companies, building and loan associations, the McCormicks, the agents of the Vanderbilts and the Rothschilds have drawn in their menacing threats to their workmen, says an exchange. They have overstepped the boundaries of prudence, and instead of driving their workmen into the gold bug camp, they have aroused the independence of their workmen. Labor knows its power and will not be coerced.

"The exclusively gold nation like England may show the most massive fortunes in the ruling classes, but it shows also the most helpless and hopeless poverty in the lumber walks of life. The gold and silver nation like France can exhibit no such individual fortunes as abound in a gold nation like England, but it has a peasantry whose silver savings can pay a war indemnity that would have beggared the gold bankers of London, and to which the peasantry of England could not have contributed a pound sterling in gold or even a shilling in silver."—Jas. G. Blaine.

HOW'S THIS, GEN. BUCKNER?

General Buckner, the Boltoerat nominee for Vice President, has a free silver record that stands out as clear as that of his running mate, General Palmer. In 1887 General Buckner was a candidate for Governor of Kentucky on the Democratic ticket and a big Democratic rally was given in his honor at Lexington, on June 15 of that year. He made a speech to the big crowd present, and in referring to the currency policy of the Republican party said:

It violated its duty to the people by abrogating the contract of the bondholders to receive their pay in the currency of the country, and gave them gold; and it then demonetized silver in order to make gold more valuable, and further enrich the capitalist at the expense of the people."

If these words were true then (and history shows they were) they are just as true now, and the Governor stultifies himself every time he utters anything to the contrary.

When Senator Palmer was shown the message this afternoon he remarked: "I imagine some of the federal officeholders will give heed to this."—Commercial-Tribune.

The message referred to was the one from President Cleveland read at the Palmer-Buckner notification meeting at Louisville Saturday night. Evidently Senator Palmer is resting under the impression that the President is Grand Chief Boss of the Federal officeholders throughout the country, and that they all have to fall in line when he gives the word. But officeholders are not a flock of sheep or dumb brutes to come and go at the beck of any man, even the President of these United States.

The Courier-Journal exclaims "Who dare say John McAnuley Palmer is not a Democrat?"

Well, the old General was a Republican for years. Does the Courier-Journal deny that?

Then he joined in the revolt against Grant and landed in the Democratic party.

Now he is leading a lot of kickers, and accepts a nomination from a convention that openly proclaims its sole object to be to defeat Bryan and elect McKinley. No real out-and-out Democrat will join in any conspiracy gotten up to elect a Republican.

"People have a vague and hazy idea of Mexico," said Secretary Shaw, of the Board of Trade, Thursday. "Mexico is a coming country. They are buying Cincinnati machinery to work Mexican products. Their trade is valuable not only to the Queen City, but to the entire United States. In the past month contracts for eighteen railroads to penetrate her fastnesses have been let."—Cincinnati Post.

And yet Mexico is a country that has free coinage of silver. It doesn't seem to be paralyzing her railway interests and other business. On the contrary, times are unusually good down that way, according to Mr. Shaw.

SIMPLE FACT.

When free coinage comes we shall not be inundated with silver bullion. No bullion will cross the Atlantic coming this way, for the simple reason that forty millions is being exported annually from this country to the other side of the Atlantic, says the Enquirer.

The Watterson club of Louisville has endorsed Bryan and Sewall. Well! Well!!

THE SILVER TIDE.

It Threatens to Overwhelm the Keystone State.

Mr. J. L. Frederick, of Butler, Penn., a traveling man, remarked to a Cincinnati Enquirer man Thursday:

"If the silver tide is not stayed soon it will overwhelm the Keystone State. I have always been a Republican, but shall vote for Bryan. The laboring men are all worked up and going over to Bryan in masses. In the counties of Mercer, Crawford and Erie, where the vote formerly stood 5 to 1 Republican, it is now 2 to 1 for Bryan and free silver.

"I saw a prominent business man in Butler bet \$50 that McKinley's majority in the State will not be over 25,000, and when some of the Republicans present jollied him he bet one of them \$100 that he wins his first bet.

"In one village where the Republicans polled 50 votes a careful count found only eight for McKinley.

"In my town of Butler there is a Bryan Silver Club of 600 members, and of this number 125 were up to this campaign active, life-long Republicans. The President of the club is a prominent Republican attorney."

—Mrs. T. M. Adkins and Mrs. F. D. Hoy, who have been visiting their mother, Mrs. Charles Lewis, of East Front street, returned home this morning accompanied by their niece, Miss Beatrice Lewis.

—Mr. Alvin J. Benzel, the handsome and gentlemanly operator at the L. and N. depot, is working extra for a week or so at Berea, Ky. Mr. Will Viceroy is lightning flasher for the L. and N. here in Mr. Benzel's place.

—Mayor William H. Cox, who is Grand Representative to the Sovereign Grand Lodge, I. O. O. F., that meets in Dallas, Texas, about the 25th of September, will leave for that city next Wednesday. He will be accompanied by Mrs. Cox and they will be gone a week or two.

—Miss Agnes Dodson, who was elected Principal of the Musical Department of Wharton College, Wrightsville, Tenn., left for her post of duty last week. Miss Dodson is well versed in the art, and her knowledge of music and amiable disposition will make her a valuable acquisition to the college.

—Enquirer: "Mr. and Mrs. Edgar Dobyns, of Covington, arrived home Friday from Paris, Ky., where Mr. Dobyns has been quite ill at the home of his sister, Mrs. Thomas. He is now much improved in health, but several months of needed rest and recuperation will be spent by them at Mrs. Dobyns' former home, near Dover, Ky., where they will probably remain until the first of the year."

Sure to Win.

The people recognize and appreciate real merit. That is why Hood's Sarsaparilla has the largest sales in the world. Merit in medicine means the power to cure. Hood's Sarsaparilla cures—absolutely, permanently cures. It is the one true blood purifier. Its superior merit is an established fact, and merit wins.

Hood's Pills are easy to take, easy to operate. Cure indigestion, headache.

BRYAN DAY.

Arrangements About Completed For the Speaking Here To-morrow.

Campaign News—Several More Clubs Or- ganized in This County.

All arrangements are about completed for the Bryan meeting here to-morrow.

The Committee of Arrangement has invited the Chairmen of the Executive and Campaign Committees of the thirteen counties composing the Ninth District to meet with a Committee from Mason County at Phoenix Hotel, Lexington, Ky., at noon on Tuesday, and said parties will formally receive and escort Hon. Wm. J. Bryan from Lexington to Maysville. The following gentlemen have agreed to go from Mason: J. W. Alexander, Esq., Judge G. S. Wall, Hon. E. L. Worthington, C. Burgess Taylor, J. N. Kehoe, Hon. Charles B. Poyntz and Wm. McClelland.

The Committee of Arrangement has selected the following named persons to act as a Committee of Reception to greet the speakers and visitors as they arrive and make them feel at home.

Judge G. S. Wall, Chairman,
Hon. A. E. Cole, Thos. R. Philster,
James H. Sallee, L. W. Galbreath,
Allan D. Cole, Geo. W. Sulser,

Jno. C. Adamson, Chas. D. Newell,
Isaac Woodward, Dan Perrine,
Jno. C. Everett, A. Fox Respass,
F. B. Ranson, E. P. Browning,
Ben. T. Cox, Jas. Threlkeld,
Jno. Parker, Mose Daulton,
Dennis Fitzgerald, Jno. L. Chamberlain.

The committee will meet at Judge Wall's office at 9 o'clock a. m. Tuesday. Members of the committee can be found at Democratic headquarters at all times Tuesday.

In addition to the special trains already announced, the C. and O. will run a train between Augusta and this city every hour and a half.

The Railroad Silver Club of Newport has instructed its Secretary to engage three coaches for its trip to Maysville to-morrow.

Congressman Berry, of Newport, Hon. Theo. Hallam, of Covington, Hon. Chilton A. White, of Ohio, and Col. W. LaRue Thomas, of this city, will be among the speakers in the afternoon.

The meeting on Lawrence Creek Saturday night was large and enthusiastic. Rousing speeches were made by George W. Sulser and John L. Chamberlain. A Bryan, Sewall and Thomas club was organized with forty members. J. H. Slack is President and Charles Loyd, Secretary. The club meets every Friday night at school house.

Hon. John P. McCartney addressed a big crowd of Republicans at the court house Saturday night. The clubs of this city headed by the Maysville Band paraded the streets previous to the meeting.

Washington Democrats organized a big Bryan club Saturday night, with James Reese as President and Squire Wood, Secretary. The club starts out with eighty-one members.

The Democrats organized a club at Orangeburg Saturday night with M. W. Beckett, a life-long Republican, President, and G. H. Turnipseed, Secretary. Mr. Beckett made a speech on taking the chair, in which he said:

"This is something more than politics to me, it is business, a question of a living, of bread and meat, and that is why I am for free silver. The farmers can't live at the present prices much longer."

Col. LaRue Thomas spoke at Mayslick Saturday afternoon. Owing to the Ewing fair, the crowd was not large, but all who heard him were entertained and were delighted with his speech. He spoke to a big crowd at Lewisburg Saturday night.

Charles D. Newell spoke at Choctaw school house Saturday night and a Bryan club was organized.

The Ladies.

These pills are easy in action and are particularly effective in the cure of Constipation and Sick Headache. For Malaria and Liver troubles they have been proved invaluable. They are guaranteed to be perfectly free from every deleterious substance and to be purely vegetable. They do not weaken by their action, but by giving tone to stomach and bowels greatly invigorate the system. Regular size 25c. per box. Sold by J. J. Wood, druggist.

THEIR SLOGUN.

Prominent Men of Louisville Or- ganize an Independent Silver Club.

Irrespective of Party. They Are Fighting
the Goldites—Many Members
Being Enrolled.

[Louisville Post, gold organ.]

A non-partisan silver club is being organized, to which all those who have really studied the question are invited to enroll their names. The following resolutions are being signed by people of all classes throughout the city, and a few of the names of the many who have joined this club are given below:

We, the undersigned, hereby become members of the Non-Partisan Free Silver Club, and we affirm that after studying the matter thoroughly, we believe the following statement of principles to be true:

First—That the world having been on a bimetallic basis from the dawn of history until very recently, the burden of proof is on those men who seek to bring it to the single gold standard. Second—That the single gold standard, by reducing silver to a subsidiary coin, has about doubled the demand for gold, thereby making gold more sought after, and hence more valuable, and as a necessary consequence has vastly decreased the value of all other commodities as measured in gold.

Third—We believe that the bimetallic basis is vastly better for all classes of people, except the "idle holders of idle capital."

Fourth—We believe that all the benefits of bimetallicism will be reached if one-half of the world uses gold only and the other half of the world uses silver only. This is, in fact, the only bimetallicism the world has ever known, to any large extent.

Fifth—We believe that the United States is so important in population, wealth and consumptive power that transferring her from the gold column to the silver column will bring the value of silver almost, if not entirely, to a parity with that of gold.

Sixth—We believe that this change would be so vastly beneficial to the people of this country, and to all mankind, that it is the duty of every patriotic citizen to study the question thoroughly and impartially, and we believe that when they have done so, they will join in promoting the cause of bimetallicism.

Seventh—We deny that there has been any overproduction of silver, and believe that the depreciation in the value of silver has been entirely due to the hostile legislation.

Eighth—We believe that bimetallicism by international agreement is impossible, and every day becoming more so, for the reason that the creditor nations, and those nations who are entirely controlled by the creditor classes, will never agree to it.

Ninth—We favor the free and unlimited coinage of silver into legal tender money at a ratio of 16 to 1 by the United States alone, without waiting for the consent of any other country.

MAYSVILLE WON

Saturday's Game at Knoxville in Eleventh
Inning—Two Games Here To-
morrow.

[Special to BULLETIN.]

KNOXVILLE, TENN., September 12, 1896.—To-day's game was close and exciting. Eleven innings were required to settle it, Maysville winning by a score of 10 to 9.

Hits, Maysville 14, Knoxville 9. Newton and Schmidt were the opposing pitchers. Maysville's crack southpaw carrying off the honors.

The Maysvilles will arrive home in time to play two games Tuesday.

B. T. C.

Four out of six from the Knoxville in one week is a record to be proud of. The Maysvilles are playing ball now.

Arrangements have been made for two games at the local park to-morrow. The Chester Parks, one of Cincinnati's best clubs, will be the opposing team. The first game will be called at 10 a. m. and the second at 2:30 p. m.

BURGLARS AT ABERDEEN.

They Made a Successful Raid at the Mineral
Well Hotel Saturday Night—Other
Houses Visited.

The Mineral Well Hotel at Aberdeen, Mr. Cal Kennedy proprietor, was visited by burglars Saturday night. Entrance was effected through the kitchen, and the lock to Mr. and Mrs. Kennedy's sleeping apartment on first floor was then picked. The thief or thieves took Mr. Kennedy's clothes and carrying them out on the rear porch went through the pockets, securing \$31 in cash, a watch and chain and his keys. The cash drawer was tapped in the office, and it is thought about \$2.50 was found in it.

Mr. P. N. Bradford's residence was also visited by the thieves. They got into the kitchen, but were either unable to open the doors to the other rooms or else were scared off. They carried the kitchen lamp to the corner of Main street and left it on a box.

Later Mr. Harrison King's residence was visited, probably by the same gang. Mrs. King happened to be awake, and aroused her husband who got his pistol and fired twice at the thieves.

Parties on a "family boat" moored at the upper end of the town were suspected and were searched yesterday. Cash amounting to \$197 was found on one of the men, but Mr. Kennedy was unable to identify any of it.

Mr. and Mrs. Kennedy both think they were chloroformed by the thieves, as they were very drowsy all day Sunday.

It has been held that consumption is hereditary, and the fact that one person of a family had died with consumption was considered a sure sign that others of that family could not escape it. This is partly true and partly untrue. A man with weak lungs is likely to transmit that weakness to his children. But there is no reason in the world why the weakness should be allowed to develop. Keep the lungs full of rich, red, wholesome blood, and the weakness will disappear. Decaying tissues will be thrown off, and new material will be added until the lungs are well and perfectly strong again. This is the thing that Dr. Pierce's Golden Medical Discovery does. This is what makes it cure 98 per cent. of all cases of consumption where it is taken according to directions. It searches out disease germs wherever they may be in the body and forces them out of the system. It supplies the blood with rich, life-giving properties. It makes the appetite good, digestion perfect. Send 21 cents in 1 cent stamps to World's Dispensary Medical Association, Buffalo, N. Y., and receive Dr. Pierce's 108th page "Common Sense Medical Adviser," profusely illustrated.

CINCINNATI TOBACCO MARKET.

Offerings Last Week Not Very Large—No Improvement in Prices—The '97 Crop.

The Cincinnati Leaf Tobacco Warehouse Company, in its circular for the week, has the following:

During the past week the offerings of tobacco on our breaks have not been very large, only one day, Wednesday, reporting full houses, and, as the receipts continue liberal, stocks are still increasing. It is evident, however, that the receipts must soon fall off, still, with the tendency of holders to wait until after the election before unloading, it looks as if large stocks would be carried into the next year, and although we may look for an enhanced demand after the election, the supply will be plentiful.

The prospects of the crop of 1897 will probably be the factor which will decide whether low prices shall continue or whether higher values will prevail. We hear it said that a great many of the large growers of Central Kentucky have decided that they cannot and will not continue raising tobacco at present prices, but it remains to be seen how much they are in earnest about it. It is natural, however, that at 3 and 4 cents per pound the efforts on the part of growers will not be as strong as when the prospects were to realize 6 to 8 cents.

We cannot quote any improvement in the market since our last report. The only noticeable betterment was in good tobacco, for which there was a stronger demand and quicker bidding. All other grades seemed easier, if anything. Quite a large proportion of the offerings were unkind, or at least not sweet, and this fact makes the buyers hesitate more in purchasing than they otherwise would.

Kentucky M. E. Conference.

At the third day's session of the Kentucky M. E. Conference at Vanceburg, Rev. G. R. Frenger, Presiding Elder of the Covington district, and Rev. S. W. Shelton, Presiding Elder of the Green-river district, made reports.

The names of the class of the third year were called. Rev. Bird Hughes was passed to the third year. Rev. W. H. Evans was advanced to the fourth year and Rev. J. E. Thomas, Rev. S. B. Ward, Rev. C. T. Stump, F. L. Creach and Rev. M. M. Ramtree were advanced to the fourth year. Rev. W. T. Dunn was granted a supernumerary relation.

Dr. G. S. Savage, agent for the American Bible Society for Kentucky and Tennessee, stated that he had made arrangements with an express company by which cheap bibles will be transported free of charge.

Seven Republicans in This Club.

Bath County Democrat: "A Bryan club was organized at See's school house on Thursday night of last week. W. G. Ramsey made a speech that captivated all the audience. The club contains forty-four members, among whom are seven Republicans. J. W. Horseman, Jr., is President of the club, and Frank Shront, Secretary. Uncle Tom Boaz, who has not voted in a Presidential election since 1860, came forward and signed his name as a member of the club."

Dervishes Will Resist the British.

CAIRO, Sept. 14.—Word has been received here from the front that the Egyptian troops with the Nile expedition are concentrating at Feregh, which is 25 miles from the dervish outpost at Kerna, where the dervishes have been concentrating reinforcements of cavalry as though with the intention of making a stand against the British advance.

AFTER SERVING YEARS IN PRISON

John Daly Declares That He Is Not and Never Was a Dynamiter.

DUBLIN, Sept. 14.—John Daly, who was recently released from Portland prison after serving several years on conviction of complicity in a dynamite plot, together with his brother, arrived at Queenstown, near here, on Saturday evening. He was met by John Redmond, Patrick O'Brien, Timothy Harrington and others.

In replying to an address, Daly declared that he was not a dynamiter and that he never believed in dynamite to terrorize the English government. The dream of his life, he said was to fight for Ireland like a soldier and a patriot. There was also a demonstration here in honor of Daly by the Amnesty association. They presented an address to the released dynamiter, and Daly, in replying, again repudiated the dynamite policy. He said he thought that Irishmen were too noble, brave and generous to advocate such principles. He concluded by declaring that he would be identified with no party or faction.

RECENT GOLD DISCOVERY.

Much Excitement Along Grand Encampment Creek, in Wyoming.

RAWLINS, Wyo., Sept. 14.—There is much excitement here over a recent gold discovery on Grand Encampment creek, about 45 miles southeast of this city. The discovery was made by A. Huston and Ben Cullen in July. They have kept the matter quiet until the present time. At a depth of 12 feet they have, it is claimed, a pay streak 22 inches wide, assays from which give returns from \$200 to \$1,000 in gold.

The vein has been traced for several miles. Forty or 50 claims have been located. Numerous parties are preparing to go to camp as rapidly as they can.

Editor McMicken, who has just returned from the camp, says it is the greatest mineral region in Wyoming or northern Colorado. The camp is in the same mineral zone as Hahn's Peak and the North Park mines.

Leader of the Revolt Shot.

MANILA, Philippine Islands, Sept. 14.—The leaders of the conspiracy against the Spanish government in the province of Cavate, have been shot.

Gladness Comes

With a better understanding of the transient nature of the many physical ills which vanish before proper efforts—gentle efforts—pleasant efforts—rightly directed. There is comfort in the knowledge that so many forms of sickness are not due to any actual disease, but simply to a constipated condition of the system, which the pleasant family laxative, Syrup of Figs, promptly removes. That is why it is the only remedy with millions of families, and is everywhere esteemed so highly by all who value good health. Its beneficial effects are due to the fact, that it is the one remedy which promotes internal cleanliness, without debilitating the organs on which it acts. It is therefore all important, in order to get its beneficial effects, to note when you purchase, that you have the genuine article, which is manufactured by the California Fig Syrup Co. only, and sold by all reputable druggists.

If in the enjoyment of good health, and the system is regular, then laxatives or other remedies are not needed. If afflicted with any actual disease, one may be commended to the most skillful physicians, but if in need of a laxative, then one should have the best, and with the well-informed everywhere, Syrup of Figs stands highest and is most largely used and gives most general satisfaction.
